

## Create a new Microsoft Entra tenant

- Open <https://www.microsoft.com/en-ca/security/business/microsoft-entra-pricing>
- Select the first **Try for free**

The screenshot shows the Microsoft Entra pricing page. At the top, there are two tabs: "Microsoft Entra Suite standalone products" and "Additional Microsoft Entra products". Below the tabs, the heading "Microsoft Entra ID and Microsoft Entra Suite" is followed by a sub-heading "Identity and network access features and pricing." There are three product cards. The first card is for "Microsoft Entra ID P1" with a price of "CAD \$8.10 user/month, paid yearly (annual commitment)". It includes a description: "Microsoft Entra ID P1 (formerly Azure Active Directory P1) is available as a standalone or included with Microsoft 365 E3 for enterprise customers and Microsoft 365 Business Premium for small to medium businesses." Below the description is a "Try for free" button, which is highlighted with a red box, and a "Contact Sales >" link. The second card is for "Microsoft Entra ID P2" with a price of "CAD \$12.20 user/month, paid yearly (annual commitment)". It includes a description: "Microsoft Entra ID P2 (formerly Azure Active Directory P2) is available as a standalone or included with Microsoft 365 E5 for enterprise customers." Below the description is a "Try for free" button and a "Contact Sales >" link. The third card is for "Microsoft Entra Suite" with a price of "CAD \$16.30 user/month, paid yearly (annual commitment)". It includes a description: "The Microsoft Entra Suite combines network access, identity protection, governance, and identity verification solutions. A subscription to Microsoft Entra ID P1 or a package that includes Microsoft Entra ID P1 is required. Special pricing is available for Microsoft Entra ID P2 and Microsoft 365 E5 customers." Below the description is a "Try for free" button and a "Contact Sales >" link. At the bottom of the page, there is a table with four columns. The first column is empty. The second column has a checkmark in the first row and a checkmark in the second row. The third column has a checkmark in the first row and a checkmark in the second row. The fourth column has a checkmark in the first row and a checkmark in the second row.

- **Solve the puzzle.**
- Enter your **John Abbott email address** then click on **Next**.
- Select **Sign up account**

The screenshot shows the "Let's get you started" page. It has a heading "Let's get you started" and a message: "Looks like you need to create a new account. Let's get you started! Continue as atohme@johnabbot.qc.ca." Below the message are two buttons: "Set up account" (highlighted with a red box) and "Change my email".

- Fill out the form. You need to **enter your cell number as Business phone number**. Invent a Company name then click on **Next**.

Signed in

- Select **Sign-in with MFA**

## Portal MFA Enforcement

To enhance security, Microsoft requires Multifactor Authentication (MFA) when signing into the **Azure portal**, **Microsoft Entra admin center**, and **Microsoft Intune admin center**. You will now be redirected to complete the MFA sign-in process.

For more details about MFA enforcement, visit: <https://aka.ms/mfaforazure>

If you are not ready to satisfy MFA requirements, you can postpone enforcement for the ITMT222.onmicrosoft.com (d757db7e-aecb-4bb6-8c91-8acbb36de32a) tenant.

Redirecting to MFA sign-in in 3 seconds...

Sign-in with MFAPostpone MFA

- You need to install the **Microsoft Authenticator App** on your phone to be able to use this new account.

## Microsoft Authenticator

### Start by getting the app

On your phone, install the Microsoft Authenticator app. [Download now](#)

After you install the Microsoft Authenticator app on your device, choose "Next".

[I want to use a different authenticator app](#)

## Success!

Great job! You have successfully set up your security info. Choose "Done" to continue signing in.

**Default sign-in method:**

 Microsoft Authenticator

Done

- You should have access now to your **Entra ID Tenant**

The screenshot displays the Microsoft Entra admin center interface. On the left is a navigation pane with categories like Home, What's new, Diagnose & solve problems, Favorites, Identity, Overview, Users, Groups, Devices, Applications, Protection, Identity Governance, External Identities, Protection, Identity Governance, Verified ID, Permissions Management, and Global Secure Access. The main content area is titled 'Microsoft Entra' and contains several key sections:

- ITMT (Tenant Information):** A red box highlights the 'ITMT' section, showing the 'Tenant ID' (d757db7e-aecb-4b...) and 'Primary domain' (ITMT222.on...). Below this are four statistics: 1 user, 0 groups, 0 devices, and 0 apps, each with a 'View' button.
- User Profile:** A red box highlights the profile of 'Antoine Tohme', a 'Global Administrator'. It shows a user ID (38eb2f27-26f3-4f04-bf05-000e...) and a 'View user profile' link. Below is a 'My role assignments' section showing 1 assignment, with a breakdown of high privileged and other role assignments, and a 'View my roles' button.
- Tenant status:** Shows the 'Identity Secure Score' as 'N/A' with a 'View recommendations' button. It also indicates 'Microsoft Entra Connect' is 'Disabled' with a 'View Entra Connect' button.
- Shortcuts:** A row of buttons for 'Add', 'User sign-ins', 'Audit logs', 'Authentication Methods', 'Blocked users', 'Domain names', and 'Unused service principal names'.
- Deployment guides:** A section titled 'Get the most out of your licenses and subscriptions' with 'Deployment guides' and suggestions like 'Safeguard access to data and apps...' and 'Simplify app access from anywhere with SSO'.
- Microsoft Entra plan:** A red box highlights the 'Microsoft Entra plan' section, showing 'Entra Free'.
